INTRODUCTION

2. The Royal Logistic Corps (RLC) Museum's archive and library aims to support and enhance the work of The RLC Museum by collecting, caring for and making accessible paper-based and electronic resources relating to the Corps and its Forming Corps.

The RLC Museum's archive collection fills over 800m of shelving. It comprises of over 100,000 individually recorded items, stored in over 3000 archive boxes. This includes documents, letters, reports, photographs, photograph albums, glass slides, film reels, books, journals, slides, VHS tapes, cassette tapes, audio recordings, maps and drawings.

A separate, publicly accessible library also offers access to reference books and the RLC journals, as well as access to the museum online RLC Archive website, which gives further access to digitised records, journals and photographs.

POLICY AIM

3. The aim of this policy is to list the archive and library services, facilities and resources available at The RLC Museum, state how these can be accessed and what charges might be incurred.

SERVICES PROVIDED

4. The Archive Department provides two services which can be accessed by the public:
- Controlled access to The RLC Museum reference library and archive.
 - The answering of general queries and more detailed research enquiries.

OVERVIEW OF THE LIBRARY AND RESEARCH ROOM

5. The RLC Museum has a purpose-built library and research room accessible on the ground floor of the museum. This provides access to the museum reference library and has computer terminals providing access to access the museum online digital archive, including the Corps and Forming Corps journals, some enlistment books, Royal Pioneer Corps War Diaries and a small collection of photographs.

A large research table with power for laptops is available, upon which, archive material, provided from the main museum archive store may be viewed, where agreed. Free WiFi is also available.

The research room's "Rules and Conditions of Use" (see Appendix A below) give further guidance to users on how this facility is to be used. Visitors will have to sign a form agreeing to follow these conditions prior to accessing this facility.

ACCESSING THE LIBRARY AND RESEARCH ROOM

6. Visitors can only access the library and research room every Wednesday, 11:30 – 13:30, by prior appointment. Any changes to the opening hours will be advertised on the Museum's website and social media pages.

This access will increase slowly over time in the future, as and when additional archive staff are appointed. Appointment requests to use the library and research room must be made at least 5 working days in advance and is subject to availability.

Appointments can be arranged by either emailing research@rlcmuseum.com or by writing to, Archive Department, The RLC Museum, Worthy Down, Winchester, SO21 2RG. Please include all your contact details and as much information about what you wish to view as possible.

During their visit, researchers may access the library books and use the online archive as much as they wish. However, should researchers require archive boxes or material to be retrieved from the main archive, this will have to have been discussed and agreed in advance of the visit.

Unfortunately, requests for viewing new or additional archive boxes cannot be made on the day, as finding and preparing archives for public access is a time-consuming process.

The minimum age to use the library and research Room is 16 years; children aged 8 to 14 can use the library and research room but they must be accompanied by an adult, one adult per child.

USING THE LIBRARY AND RESEARCH ROOM

7. On arrival at the museum for appointments, please announce yourself to reception. Archive staff will be on hand to provide advice and assistance on using the reference library, document handling procedures and accessing the online archive.
